Welcome to Universal Orlando Resort

We have provided this guide to give you as much detailed information about each attraction experience as possible. Our goal is to ensure that everyone is able to make well-informed decisions about their ability to safely, comfortably, and conveniently experience each of our attractions. If, at any time, you feel that you do not have enough information to make these decisions, please feel free to contact us.

Additionally, we have included specific information for Guests with disabilities. This information provides a clear outline of the accommodations at each attraction, as well as the physical requirements for entering or exiting ride vehicles and other attraction areas. It is important to note that although all of our Attractions Attendants are eager to make your day as pleasant as possible, they are not trained in lifting or carrying techniques and therefore cannot provide physical assistance. We suggest that Guests with disabilities bring a companion who can provide any physical assistance that may be needed.

Our goal is to provide the best accommodations possible to all of our Guests. With the information that follows, and with the information our Team Members can provide in answering questions, we are confident the experience you have with us will exceed your expectations.

How to Contact Us

You can message us at www.visitorsatisfaction.com/contactus/. Guest Services Coordinators are available seven days a week from 8:30AM until park close and make every effort to respond to messages in 24 to 48 hours; however, due to current high volume of emails received each day, please allow several days for a response. If you require an immediate response, please call us at 407-224-4233, option 4 (four). If you have any questions while visiting our parks, please stop by Guest Services inside the main entrance for assistance.

Participate Responsibly

Failure to follow posted guidelines may result in serious injury or expulsion from the park.

Health and Safety

We’re excited to enhance your experience across Universal with the latest local health and safety guidelines. Learn all you need to know before your visit.

Rider Requirements

At Universal Orlando we are proud of providing accommodations that create a welcoming, inclusive environment and accessible experiences for our Guests. The queue experience at the majority of our attractions is an integral part of telling the story of the overall attraction experience. As a result, we have constructed our queues to be accessible to Guests using wheelchairs (with the exception of Pteranodon Flyers at Universal's Islands of Adventure).

ATTRACTION ASSISTANCE PASS

We have developed an Attraction Assistance Pass which allows Guests whose disability prevents them from waiting in a conventional queue environment. This Pass allows Guests to schedule a return time that is comparable to the current queue wait for the given attraction. Once a return time is issued, Guests are free to enjoy other theme park offerings such as meeting a character, grabbing a bite to eat, shopping, or enjoying area entertainment. Guests can only have one active return time at a time.

A Guest whose disability is based on the necessity to use a wheelchair may not need an Attraction Assistance Pass, but our Guest Services Team will work individually with each Guest to provide reasonable accommodations. All accommodations can be made in person by visiting Guest Services at the entrance to both Universal Studios Florida and Universal's Islands of Adventure.

Accessibility Accommodations
FOR YOUR SAFETY

Shoes and shirts must be worn at all times. Read all health and safety requirements for each attraction as they are not all the same. You know your physical conditions and limitations; Universal Orlando does not. If you suspect your health could be at risk for any reason, or you could aggravate a pre-existing condition of any kind, do not experience the attraction.

RIDE INFORMATION

For your safety and the safety of others, always face forward, keeping your hands and feet inside the ride vehicle at all times. Remain seated until the ride comes to a complete stop and you receive instruction to exit the vehicle.

LOST ITEMS

Never attempt to recover a lost item while riding. Notify an Attractions Attendant for assistance and we will do everything we can to recover your property as quickly as possible.

RERAINT SYSTEMS

All passenger restraint systems, including lap bars, shoulder harnesses, and seat belts must be positioned and fastened properly to assure guest safety. Guests who do not fit properly within any safety restraint will not be permitted to ride.

Guests whose waistline is at least 40” (102cm) or greater may not be accommodated on the following rides and are strongly encouraged to try the test seats provided at the entrance of the attractions to ensure their ability to ride.

The magnetic fields are generally confined to the equipment and should pose no concern as our Guests are not exposed to the proximity of the fields. Please see an Attractions Attendant for assistance.

**LOOSE AND FREE-FLOWING ARTICLES**

Loose articles such as cell phones, photography devices, umbrellas, and keys are prohibited at most attractions and should be left with a non-rider or secured in a locker.

In addition, items that could potentially extend out of the ride vehicle, either before or during the ride experience, should be properly secured before riding. Excessively long hair, long and flowing articles of clothing, and/or accessories must be removed, tucked in, or tied back.

There are specific boarding requirements and accommodations for those using wheelchairs at each attraction. In all cases, if you are capable of transferring to the attraction seating (either by yourself or with the assistance of another person in your party) you may transfer.

Trained Service Animals are welcome at Universal Orlando Resort. Animals who do not meet the definition of a Service Animal will not be permitted in the park. Service Animals must be harnessed, leashed or tethered, unless these devices interfere with the Service Animal’s work or the individual’s disability prevents using these devices. In that case, the individual must maintain control of the animal through voice, signal, or other effective controls. In order to assist the owner in making an informed decision about their Service Animal’s safety, each attraction has its own specific entry/boarding requirements. To ensure safety of the Service Animal, its tail (or other appendages) must not extend beyond the floor of the ride vehicle. Please consult the listing for each attraction in this guide for more information. Guests may experience the following attractions with their Service Animal:
